ISLAND LUXURY**

THANK YOU FOR BOOKING YOUR HOLIDAY AT ARAJILLA RETREAT

We're a small eco-retreat tucked in a banyan forest just behind Old Settlement Beach, where the turtles come to swim.

There's a lot to do if you feel like it, but nothing you have to do. It's easy here to unplug and slow right down. Take a walk or a swim. Breathe in the forest air. Listen to the birds. At Arajilla you can enjoy the good life and what's good for you.

Our happy, friendly staff all live on site and they are just like family. We love our work and we pitch in together to get things done. We like the simple things done well. To us, that's the good life.

Time. Space. Stars. Sea.

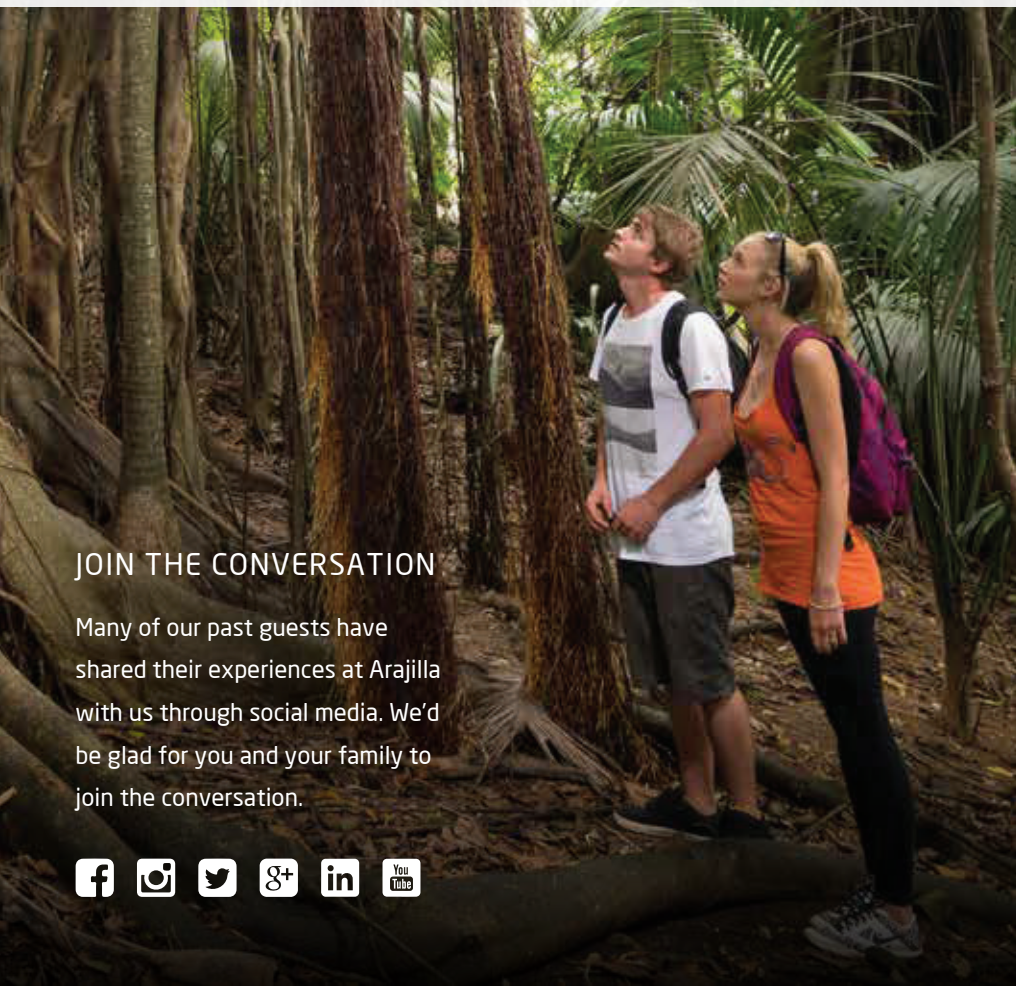

We're sure you'll enjoy reading about the retreat, its history, our family and the activities you can experience on Lord Howe Island here in this magazine.

We look forward to welcoming you soon.

Bill & Janne Shead

HELP US CREATE YOUR PERFECT TRIP

Our Island has many attractions and activities. If you are seeking a particular activity that requires a booking, please be aware that there aren't many operators and they can book out early, or the weather may change. So we advise you to book early, and we are happy to assist you with this. We can start this process when you arrive!

JOIN THE CONVERSATION

Many of our past guests have shared their experiences at Arajilla with us through social media. We'd be glad for you and your family to join the conversation.

ARAJILLA & THE SHEAD FAMILY

In 1987 there was no regular air service, no regular shipping and nobody much had ever heard of the place.

Bill, Janne and their three girls had been living on the North Shore of Sydney, sailing to Lord Howe Island every year for quite a while.

Bill was working in Real Estate with his father Newell, Janne had started up a catering business and the three girls were going to school and doing what girls do.

Out of the blue, on a Saturday morning in 1987 an advertisement for a property on Lord Howe Island grabbed Bill's attention.

Within a week Bill & Janne were on a plane and soon the property was secured.

Properties on the Island rarely come up for sale and this was a beauty, on Old Settlement Beach on the northern shores of the Island's lagoon in a forest of Kentia Palms and Banyan Trees. The only problem was the terrible buildings; the newly arrived family had to live in a partly demolished house jammed up against a partly built house, or what was then intended to be a house.

Lord Howe then was indeed very remote, 400 nautical miles north east of Sydney in the Tasman Sea. In 1987 there was no regular air service, no regular shipping and nobody much had ever heard of the place.

Within 12 months the "house" was complete and the first ever cafe on the Island was operating with the first espresso machine; staff accommodation was being built so more services could be offered.

Later a hydroponic system was set up to grow food. Water was collected from roof water and via desalination. A waste

water treatment system was set up that reticulated the treated water through the forest gardens.

The so called "house" is now a dining room, office, laundry, staff accommodation, owners' residence and workshop all well planned to comply with the 15% site coverage stipulation.

Now after 29 years of hard work, with twelve Suites, a luxury beach house, and a dining room, Arajilla is the outstanding lodge on the Island.

Exclusivity....

Lord Howe Island is limited by law to 400 visitors at any time!

BLUE PETER OUR LUXURY BEACH HOUSE

Our luxurious beach house accommodates two people and consists of a cottage with two bedrooms, two bathrooms, a fully equipped kitchen and a large timber deck under an equally generous pergola.

Its located just down the road from Arajilla Retreat and only 100 meters from your own private beach.

Its the perfect place to enjoy the wonders of Lord Howe Island, where you can connect with nature, and each other and be as laid-back or active as you please.

Blue Peter is fully self-contained and serviced daily. The fridge and pantry are stocked and barbecue packs are available on order 24 hours ahead.

Although you may have already booked your stay at Arajilla Retreat, consider booking your next getaway at our beach house for a more exclusive holiday.

For more information visit our website:

Chermoula Chicken Skewers
Okonomiyaki Japanese Tofu Pancakes

BILL'S TOP 10

THINGS TO DO ON LORD HOWE ISLAND

- 1 Climb to Kim's Lookout** For the best views over the island, you can't beat Kim's Lookout. At 200m altitude, it's not quite a walk in the park, but you'll be well rewarded for your efforts with views looking South over the whole island, the lagoon and out to Mount Gower. Just don't forget your camera!

Swim in the lagoon

There are few places on Earth that can claim such natural beauty as Lord Howe. A trip to the island would not be complete without a swim or snorkel at Sylphs Hole, on Old Settlement Beach, that's where the turtles come to swim.

Water Sports on the Island

If you are looking for something a little more adventurous, the Island offers perfect conditions for surfing, kite-surfing or windsurfing. Blinky Beach, Middle Beach, Neds Beach or Little Island are great surfing places subject to the prevailing conditions. The Lagoon is the place to kite surf, that is if you have the gear because it's not available here. Let us know when you arrive so we can check the local conditions to help you pick the best beach on the day.

Cycling and walking trails

Lord Howe Island is very small, only 11km long and 2.8km wide. Guests to the island often prefer to explore on foot, and literally take in the natural beauty one step at a time. If riding a bike is more your thing, Arajilla has mountain bikes and helmets exclusively for your use.

World Class Scuba Diving

Lord Howe Island is reputed to be amongst the best dive locations in the world. Whether you're a seasoned pro or someone who's never dived before local dive companies, Pro Dive or Howea Divers, will take good care of you. You'll be sure to love the experience so much you'll want to come back.

6

Take a leisurely walk

If you prefer a slower pace of life, there are endless walks on the island that guests to Arajilla enjoy. Be sure to take in the many interesting place names such as The Valley of Shadows, The Clear Place and Transit Hill along your way. If you're looking for a more adventurous walk be sure to organise a trip up Mt Gower with local tour guide Jack Shick.

7

A spot of fishing

I just love to fish here, in fact, I'd say it's my favourite thing to do here! Head out to sea for a chance to catch one of the 500 species of fish that inhabit the local waters. If you're lucky you might hook a Kingfish, Yellowfin Tuna or Wahoo. Our chefs would be happy to prepare your fish for dinner in our restaurant if you happen to catch a worthwhile meal.

8

Stalk our feathered friends

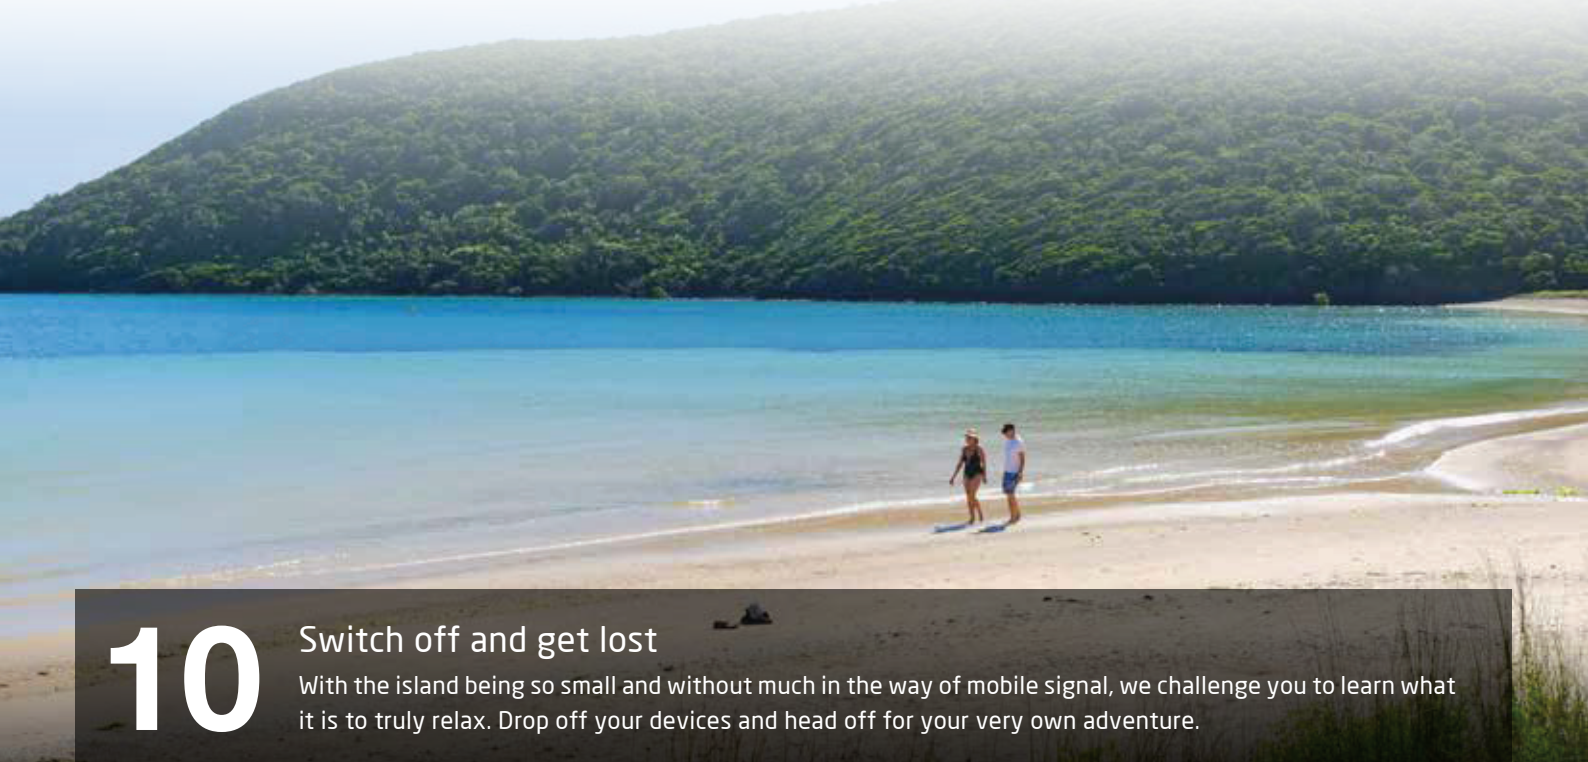

Lord Howe Island is a haven for bird-life and as such regularly attracts the world's top ornithologists. The island is home to 166 different species, including Whiter Terns, Providence Petrels, Shearwaters and Blue Billies. When you arrive, let us share the story of a very special bird that is endemic to the island, thought extinct until recently.

9

A picnic or BBQ for two

We'll supply you with your very own picnic, complete with food of your choice from our menu and we provide you with everything you might need for an Island picnic, down to the matches and paper to light the fire. There are lots of beautiful places to picnic - North Bay (my favourite), Old Settlement Beach, Cobby's Corner, under the pines on the lagoon where you can set up your BBQ with the firewood supplied.

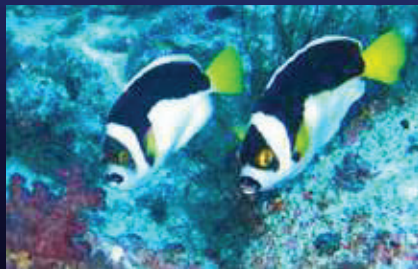

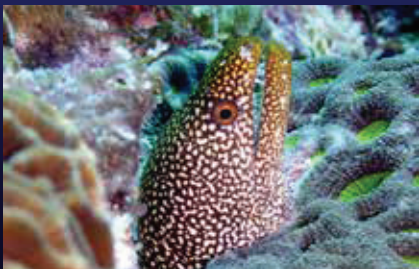

10

Switch off and get lost

With the island being so small and without much in the way of mobile signal, we challenge you to learn what it is to truly relax. Drop off your devices and head off for your very own adventure.

DIVING IN PARADISE

Diving in the crystal clear waters around Lord Howe Island rates amongst the most pristine and spectacular in the world.

PRO DIVE SPECIAL OFFER

Mention this ad and book before arrival on the island to receive 10% discount on your dive or package

We love to take people with us to explore the undersea world and with over 60 dive sites to choose from we endeavour to make every dive new and exciting.

The diving in the crystal clear waters around Lord Howe Island rates amongst the most pristine and spectacular in the world. Some of the most exceptional diving around Lord Howe Island is located at the Admiralty Islands and Balls Pyramid.

The Admiralties are home to an abundance of soft corals, large schools of both temperate and tropical fish species, turtles, Galapagos whaler sharks and nudibranchs; to name a few. The world famous Balls Pyramid is home to large black coral trees, underwater caves and it is believed to be the only place in the world where you can see the Ballina Angelfish on recreational SCUBA.

For those who have never tried SCUBA diving before we offer the PADI Discover Scuba Diving experience in which you can see what it is like to breathe underwater.

Our qualified PADI instructors will teach you some theory and skills before taking you on a guided dive in the sheltered waters of our beautiful lagoon, a truly memorable experience.

We look forward to diving with you soon.
